

## The Windsor Range Lo-Watt Whole House Heat Recovery

### Features & Benefits

- Reduces your carbon footprint.
- Conforms to European directives for efficiency and air leakage.
- Up to 90% heat recovery whilst controlling condensation.
- Meets new Building Regulations.
- Lo-Watt Energy Saving, constant volume, DC fans.
- Automatic summer bypass and defrost functions.
- Washable EU3 Filters.
- SAP Appendix Q Listed

### Technical Details

#### Model No.

**MANHR5000MID**

**MANHR5500MAX**

**MANHR1345**

#### Product type

Low-Watt 150mm diameter

Low-Watt 200mm diameter

Boost Switch

### Performance:

	Power Max	Consumption (W) Rate m <sup>3</sup> /hr	
		Max	Min
Ventilation			
<b>MANHR5000MID</b>	290	163	14
<b>MANHR5500MAX</b>	400	286	20

### Dimensions:

Model	A	B	C	D
<b>MANI5000MID</b>	1290	1050	570	720
Midi Spigot diameter	Ø150mm			
Assembled Weight	28kg			
<b>MANI5500MAX</b>	1320	1050	570	750
Maxi Spigot diameter	Ø200mm			
Assembled Weight	29kg			

MANHR 5000/5500
